STATE OF ILLINOIS
and the
PRESCOTT E. BLOOM
INTERNSHIPS IN GOVERNMENT
PROGRAM
present

2009 APPLICATION FOR
JAMES H. DUNN, JR.
MEMORIAL FELLOWSHIP PROGRAM
and
VITO MARZULLO INTERNSHIP
PROGRAM

PROGRAM BACKGROUND

The State of Illinois is strongly committed to improving public service for its citizens. The attainment of this goal requires hard work and dedication of qualified public service professionals. Recruiting recent college graduates nationwide has proven to be one of the best ways to attain this goal. The Governor's Yearlong Fellowship Program was established in 1979 and renamed for the James H. Dunn, Jr. Memorial Fellowship Program in 1981 by Executive Order 7 to honor a Rockford, Illinois citizen for his outstanding contribution to public service.

An internship program to accommodate candidates who are Illinois residents was created. Alderman Vito Marzullo, the long-time dean of the Chicago City Council, typifies the life-long commitment to public service that made Chicago the "City That Works." It is appropriate that Alderman Marzullo's service to this community is honored by the successful continuation of this internship in his name.

Executive Order 3 in 1986 brought all fellowship and internship programs administered by the Governor's Office under the aegis of the Prescott E. Bloom Internships in Government Program. No one understood the benefit of government internship programs to both the State and the individual better than the late State Senator Prescott E. Bloom. From 1976 until his premature death in 1986, Senator Bloom sponsored his own annual internships, which successfully introduced hundreds of high school and college students to the inside of State government.

The aim of the James H. Dunn Fellowship and Vito Marzullo Programs is to attract bright, highly motivated individuals and to give them a broad overview of State government that provides a unique, "hands-on" experience. Fellows and interns learn about budgetary, legislative, and programmatic areas of State government that will benefit them as public service professionals and provide them with a unique opportunity to advance into policy-making positions.

OBJECTIVES

Through the James H. Dunn, Jr. Memorial Fellowship Program and Vito Marzullo Internship Program, the State hopes to accomplish the following:

- Offer a governmental initiative to meet the public sector's future need for competent administrators
- Provide a public sector management training program that encourages talented college graduates to

- consider careers in State government

- Enable college graduates to supplement their academic backgrounds with practical experience in areas such as policy analysis, program administration and legislative process

- Achieve affirmative action through the nomination of qualified minorities, women and persons with disabilities

- Enable the Prescott E. Bloom Internships in Government Program to play an ever-increasing role in State government as new fellows enter public service and former fellows advance into management positions

NATURE OF THE PROGRAM

Candidates apply for both James H. Dunn Fellowships and Vito Marzullo Internships through only one application. If selected for a program, candidates will be named Dunn Fellows or Marzullo Interns based on their residency at time of application. As Dunn Fellows and Marzullo Interns perform the same type of work on a regular basis, there is no substantive, work-related distinction between the Dunn and Marzullo programs. Fellows and Interns receive the same benefits and responsibilities.

Most fellows and interns will be placed in positions with the Office of the Governor executive staff, positions in the Governor's Office of Management and Budget and in the Governor's Legislative Office. The Governor's Office of Management and Budget, a vital part of the Office of the Governor, is responsible for the development of the state's multi-billion dollar budget. The Legislative Office is the Governor's chief lobbying arm with the Illinois General Assembly. Other fellows will be placed in various agencies under jurisdiction of the Office of the Governor. The program is primarily based in Springfield, Illinois, with limited placements in

ELIGIBILITY CRITERIA

The minimum qualification for both the Dunn Fellowship and Marzullo Internship is completion of a bachelor's degree by the commencement of the program in August. While there are no preferences to specific undergraduate or graduate fields or majors, the program seeks candidates who have demonstrated a substantial commitment to excellence as evidenced by academic honors, leadership ability, extracurricular activities and involvement in community or public service.

SELECTION PROCESS

Senior members of the Office of the Governor and the Illinois Department of Central Management Services, Personnel Department conduct the initial screening of applications. Approximately 50 applicants will be selected for interviews. Based upon the results of the interview process, a final selection of fellows and interns will be made.

Fellows and Interns are classified as full-time employees of the State of Illinois and are entitled to the benefits extended to all state employees including a salary, paid holidays, sick and vacation days and health and life insurance. The approximate annual salary is \$31,332 (subject to adjustment before start of the fellowship). Candidates are selected from public, private and comprehensive colleges and universities in both the United States and abroad.
